Honolulu, Hawaii

## Index to Volumes 1-15 issued with Volume 16

|                  |                  |
|------------------|------------------|
| Volume 1 1972/73 | Volume 8 1980/81 |
| Volume 2 1974    | Volume 9 1982    |
| Volume 3 1975    | Volume 10 1983   |
| Volume 4 1976    | Volume 11 1985   |
| Volume 5 1977    | Volume 12 1986   |
| Volume 6 1978    | Volume 13 1987   |
| Volume 7 1979    | Volume 14 1988   |
| Volume 15 1989   |                  |

Check to dates of Volumes covered in this Index.

### Author Index

- Adler, L. L. & Adler, H. E.: Observational learning in the California Sea Lion, **5**,3: 72
- Allen, J. F., Lepes, M. M., Tas'an, Budiarto, I. T., Sumitro and Hammond, D.: Observations on the biology of the Dugong **4**,2: 33
- Almon, M.: see Terhune and, **10**,3: 71
- Amundin, M.: Occupational therapy of Harbour Porpoises, **2**,3: 6
- : see Anderson and, **4**,2: 56
- Anderson, S. H.: A Typical case history of net caught Harbour Porpoises, **2**,3: 1.
- : Body surface area of Juvenile Harbour Porpoise, **8**,3: 94
- : Experiences with Harbour Porpoises, **6**,2: 39
- : Rearing suckling Harbour Porpoises, **2**,2: 23
- : The measurements of some pool parameters, **2**,2: 8
- : Treatment of water in Dolphinarium, **1**,3: 1
- : see Nielsen and Anderson, **9**,1: 1
- and Amundin, M.: Possible predator-related adaptation of sound production in the Harbour Porpoise, **4**,2: 56
- and Rebsdorf, A.: Polychlorinated hydrocarbons and heavy metals in Harbour Porpoise and Whitebeaked Dolphins, **4**,1: 14
- Andrews, B.: see Otten and, **4**,1: 21
- Asper, E. D.: see Goldsberry *et al.*, **6**,3: 91
- and Cornell, L. H.: Live capture statistics for the Killer Whale, **5**,1: 21
- Avella, Francisco J.: Plan for the reintroduction of the Monk Seal, **12**,2: 43.
- Bakker, M. J.: see Kastelein *et al.*, **15**,4: 181
- Bartmann, W.: Management of Sea Cows, **2**,1: 13
- : Some remarks on the behaviour of White Whales, **2**,1: 16
- Bauwens, Luc, van Dyck, Eddy, de Meurichy, Walter and Piot, Peter: *Corynebacterium* in Baikal Seals, **13**,1: 17
- Behrmann, Gunther: Morphology of the laryngeal sac of toothed whales, **13**,3: 119
- : Olfactory regions of the Harbour Porpoise, **15**,3: 130
- : Peripheral nerve ends, **14**,3: 107
- Best, R. C.: see Magnusson *et al.*, **8**,1: 27
- : see Mok and, **7**,3: 79
- Blythe-Russell, E. A.: see Poelma *et al.*, **2**,3: 11
- Boogh, C. J.: see Noordenbos and, **2**,3: 15
- Boon, J. P.: see Duinker *et al.*, **15**,3: 95
- Bossenecker, P. J.: The capture and care of *Sotalia guianensis* **6**,1: 13
- Bou, J.: see Casinos *et al.*, **12**,3: 168
- Boyce, J.: see McNeill *et al.*, **6**,2: 50
- Brown, E. E.: An overview of cultured fish production, **3**,2: 9
- Bryden, M. M.: Arteriovenous anastomoses in the skin of seals, **6**,3: 67
- : see Corkeron, Morris and Bryden, **13**,3: 96
- Bryden, M. M.: see Corkeron, Morris and Bryden, **13**,3: 109
- Budiarto, I. T.: see Allen *et al.*, **4**,2: 33
- Buijs, D. and Dudok van Heel, W. H.: Bodyplan of a Sperm Whale, **7**,1: 27
- Cardeilhac, P. T.: see Irvine *et al.*, **8**,1: 2
- Carnio, J.: Observations on mother and young interactions in Cape Fur Seals, **9**,2: 50
- Casinos, A., Bou, J. and Filella, S.: Fineness ratio in Cetaceans **12**,3: 68
- Cates, M. B. and Schroeder, J. P.: Nutrition of newly acquired and acclimated Bottlenose Dolphins, **12**,1: 17
- Chen Pei-Xun, Liu Renjun and Harrison, R. J.: Reproduction and reproductive organs in *Neophocaena asiaeorientalis*, **9**,1: 9
- Chirighin, Laura.: Mother-calf relationships in the Bottlenose Dolphin, **13**,1: 5
- Collet, A. and Harrison, R. J.: Ovarian characteristics in *Delphinus delphis*, **8**,3: 89
- Corkeron, P. J., Morris, R. J. and Bryden, M. M.: Healing of large wounds in Bottlenose Dolphins, **13**,3: 96
- : Interactions between Bottlenose Dolphins and Sharks, **13**,3: 109
- Cornell, L. H.: see Asper and, **5**,1: 21
- : see Goldsberry *et al.*, **6**,3: 91

- : see Medway, W. and, 15,3: 90
- Costa, Ferran: see Filella *et al.*, 12,3: 69
- Dailey, M. D.: Investigations on the viability of larval helminths after freezing, 3,2: 22
- da Silva, V. M. F.: see Magnusson *et al.*, 8,1: 27
- Dawson, W. W., Hope, G. M., Ulshafer, R. J., Hawthorne, M. N. and Jenkins, R. L.: Contents of the optic nerve of a small Cetacean, 10,2: 45
- de Block, P.: Flocculation by means of aluminium hydroxychloride, 10,1: 31
- de Haan, F. W. Reysenbach: Opening and closing of Symposium, "Dolphins and Dolphinaria" 1,2: 3
- de Meurichy, Walter: see Bauwens *et al.*, 13,1: 17
- de Smet, W. M. A.: The fate of old bottlenose dolphins, 5,3: 78
- de Vries, G. A.: see Poelma *et al.*, 2,3: 11
- and Laarmann, J. J.: A case of Lobo's disease in the Dolphin, *Sotalia guianensis*, 1,3: 26
- de Wolf, J.: see van Esch and, 7,2: 35
- Dekker, D.: On the Natural History of Manatees, 2,2: 1
- : Pre- and postnatal behaviour in the Manatee, 8,1: 21
- Dickinson, T.: see Eastcott, 13,2: 51
- Dineley, J.: A trainer's observations on the birth and development of a Californian Sea Lion, 7,3: 68
- : Sealion breeding at the Welsh Mountain Zoo, 8,3: 91
- Dokter, T.: see Kastelein, 14,1: 13
- : see Kastelein *et al.*, 15,4: 181
- Dorsey, E. M.: see Wursig, 15,1: 27
- Dral, A. D. G.: A device for ophthalmoscopy in Delphinids, 1,2: 22
- : Ophthalmological observations on the Amazon Dolphin, 8,2: 40
- : Optics of the Dolphin eye, 13,2: 61
- : Review of the cetaceans in the Marsdiep area, 4,1: 10
- : Some quantitative aspects of the Retina of *Tursiops*, 2,2: 28
- : The atrophic eye of *Platanista*, 3,1: 1
- : The reginal ganglion cells of *Delphinus*, 10,2: 57
- and Dudok van Heel, W. H.: Problems in imagefocusing and astigmatism in Cetacea, 2,1: 22
- , Stades, F. C. and van Foreest, A. W.: Synechia anterior in aquatic mammals, 8,1: 11
- and Verwey, V.: Breathing and diving in *Tursiops*, 5,1: 18
- Dubbeldam, J. L.: see Kastelein and, 15,4: 158
- Dudok van Heel, W. H.: Chlorination in marine mammal pools, 10,1: 23
- : Investigations on Cetacean Sonar Part III, 8,2: 65
- : Raised levels of mercury and chlorinated hydrocarbons in *Tursiops truncatus*, 1,2: 24
- : Remarks on a live *Ziphiid* baby, 2,2: 3
- : Remarks on the composition of water for inland Dolphinaria, 3,2: 4
- : Successful treatment of Lobomycosis in *Tursiops truncatus*, 5,1: 8
- : Transport of Dolphins, 1,1: 5

## Subject Index

- Adaptation—Possible Predator related, in *Phocoena*—Anderson and Amundin, 4,2: 56
- Adaptive hormone changes—in Harp Seals, post partum—Engelhardt and Ferguson, 7,3: 83
- Adoption behaviour in Bottlenose dolphin—Smolders, 14,2: 78
- Aluminium hydroxide—Flocculation by means of—de Block, 10,1: 31
- Amazon Dolphin—Ophthalmoscopic observations on—Dral, 8,2: 40
- Amazon River Dolphin—Distribution of retinal ganglion cells—Mass and Supin, 15,2: 49
- Numbers and behaviour of, in the Rio Solimoes—Magnusson *et al.*, 8,1: 27
- Retinal ultrastructure of—Waller, 9,1: 17
- Anastomoses—Arteriovenous, in the skin of Seals—Bryden, 6,3: 65
- Anatomy—of Delphinids—Purves, 1,2: 5
- Aquatic exhibits—at West Berlin Zoo—Klos, 2,1: 7
- Aquarium, Durban—Plans for new mammal display—Heydorn, 2,1: 29
- Aquatic mammals—Synechia anterior in—Dral *et al.*, 8,1: 11
- the Sinuatrial node in—van Nie, 12,3: 92
- Arctocephalus australis*—Comparative morphology of the heart—van Nie, 10,3: 79
- Arctocephalus pusillus pusillus*—Underwater observations of behaviour of—Frank and Ronald, 9,2: 67
- Arteries—Coronary—the course of, in small cetaceans—van Nie, 15,3: 125
- Astigmatism—Problems in, in Cetacea—Dral and Dudok van Heel, 2,1: 22
- Bacteriological skin diseases—in Freshwater Dolphins—Ostenrath, 4,2: 49
- Baiji—Project to translocate—Kaiya, 12,1: 21
- Baikal seals—*C. equi* pneumonia in—Bauwens *et al.*, 13,1: 17
- Haematology and plasma chemistry of Baikal Seals—Ronald and Kay, 9,3: 83
- Purkinje fibres in—van Nie, 12,2: 61
- Balaena mysticetus*—Examination of blood and urine from—Medway, 10,1: 1
- Barrier—the skin as a natural, in the Northern Fur Seal—Waldorf and Vedros, 6,3: 77
- Behaviour—Amazon River Dolphin of, in the Rio Solimoes—Magnusson *et al.*, 8,1: 27
- Adoption, in Bottlenose Dolphin—Sylvestre, 14,2: 78
- and biology of Monk Seals—Rigas and Ronald, 11,1: 23
- Distribution, abundance, reproduction and—of Steller Sea Lions in Alaska—Kastelein *et al.*, 15,4: 145
- and handling of White Whales, in captivity—Bartmann, 2,1: 16
- Manatee of, Pre- and postnatal—Dekker, 8,1: 21
- Observations on the captive, of Sotalia—Terry, 10,3: 95
- of two Orinoco Dolphins—Sylvestre, 11,2: 58
- of a wild sociable Bottlenose Dolphin—Lockyer and Morris, 12,1: 3
- Pattern, A Stereotyped, in Dolphins—Greenwood, 5,1: 15
- and Trainability of Sotalia—Terry, 12,3: 71
- Play, and feeding, of Bowhead Whales—Würsig *et al.*, 15,1: 27
- Post partum—of Captive Seal—Ronald and Thomson, 8,3: 79
- Underwater observations of, in Hooded Seal—Frank and Ronald, 9,2: 67
- Beluga—Evidence of *Nocardia* infection in—McNeill *et al.*, 6,2: 50
- Biological approach to water purification—Part I—van der Toorn, 13,3: 83
- Part II—Dudok van Heel *et al.*, 14,3: 92
- Biology—Observations on the, of the Dugong—Allen, 4,2: 33
- Biopsy—An effective method for Phocid Seals—Engelhardt, 4,2: 58
- Biphenyls—Chlorinated, in cetacean tissues—Duinker *et al.*, 15,3: 95
- Birth—and Development of a Californian Sea Lion—Dineley, 7,3: 68
- in Dolphins, at Harderwijk—Dudok van Heel and Meyer, 2,2: 11
- Blind River Dolphin—is it sightless?—Waller, 10,3: 106
- Blood—of Bowhead Whales, examination of—Medway, 10,1: 1
- of California Gray Whales—further observations on—Medway and Cornell, 15,3: 95
- Bodyplan—of a stranded Sperm Whale—Buijs and Dudok van Heel, 7,1: 27
- Body surface—area of Harbour Porpoise—Anderson, 8,3: 94
- Bottlenose Dolphin—Behaviour of a wild sociable—Lockyer and Morris, 12,1: 3
- Body scars of a resident wild animal—Lockyer and Morris, 11,2: 42
- Fate of, as revealed by their skeletons—de Smeet, 5,3: 78
- Interpreting the acoustic pulse emissions in the wild—Goodson *et al.*, 14,1: 7
- Investigations on cetacean sonar—Part I—Hol and Kamminga, 7,2: 41
- Part II—Kamminga and Wiersma, 8,2: 41
- Part III—Dudok van Heel, 8,2: 65
- Part IV—Wiersma, 9,2: 57
- Part V—Kamminga and Wiersma, 9,3: 95
- Part VI—Kamminga *et al.*, 10,3: 83
- Part VII—Kamminga *et al.*, 12,2: 52
- Part VIII—Kamminga and Velden, 13,2: 43
- Lobomycosis in—Poelma *et al.*, 2,3: 11
- Marginal papillae on the tongue of—Kastelein *et al.*, 15,4: 158
- Mother-Calf relationships and calf development—Chirighin, 13,1: 5
- A note on healing of large wounds in—Corkeron *et al.*, 13,3: 96

- Observations on, in Sado Estuary—dos Santos and Lacerda, **13**, 2: 65
- Observations on new-born behaviour—Eastcott and Dickinson, **13**, 2: 51
- Neonatal Mortality in Indian Ocean captive bred animals—Thurman and Williams, **12**, 3: 83
- Sharks and, interactions between—Corkeron *et al.*, **13**, 3: 109
- Steroid patterns in the pregnant—Richkind *et al.*, **3**, 2: 15
- Twenty-two months in the life of a juvenile—Morris and Lockyer, **14**, 2: 49
- Underwater Visual Acuity in,—Noordenbos *et al.*, **2**, 3: 15
- use of modified sonobuoy for wild studies in—Hunter and Morris, **13**, 3: 99
- Bowhead Whale—Feeding and play behaviour—Wursig *et al.*, **15**, 1: 27
- Bowhead Whales—Examination of blood and urine from—Medway, **10**, 1: 1
- Breathing—and Diving, in *Tursiops*—Dral and Verwey, **5**, 1: 18
- Breeding—of Dolphins in Barcelona—Filella *et al.*, **12**, 3: 69
- of Sealions, at Welsh Mountain Zoo—Dineley, **8**, 3: 91
- Bulbus Aortae*—in the Common Seal—van Nie, **11**, 3: 71
- Calf development—in *Tursiops*—Chirighin, **13**, 1: 5
- California Gray Whale—Observations on blood from—Medway and Cornell, **15**, 3: 90
- California Sea Lion—Birth and Development of—Dineley, **7**, 3: 68
- Experiences and problems with reproduction of—van Forest, **6**, 1: 29
- Observational learning in—Adler and Adler, **5**, 3: 72
- subaqueous locomotion in—Godfrey, **11**, 2: 53
- successful rearing of—Otten and Andrews, **4**, 1: 21
- Callorhinus ursinus*—Note on food intake of—Spotte and Adams, **7**, 3: 65
- The skin of, as a natural barrier in—Waldorf and Vedros, **6**, 3: 77
- Capture—and first experiences of Commerson's Dolphin—Gewalt, **7**, 2: 37
- of a Harbour Porpoise, on a Tuna longline—Testaverde, **6**, 3: 90
- of a Killer Whale, a technique for—Goldsberry *et al.*, **6**, 3: 91
- Care—and Capture, of *Sotalia guainanensis*—Bossenecker, **6**, 1: 13
- and Handling of the Leopard Seal—Reid, **4**, 2: 60
- Case History—A typical, of net caught Harbour Porpoises—Anderson, **2**, 3: 1
- Cephalorhynchus commersonii*—Observing, catching and acclimatizing Commerson's Dolphin—Gewalt, **11**, 2: 41
- Capture of and first experiences of—Gewalt, **7**, 2: 37
- Cetacean—a small, the contents of the optic nerve of—Dawson *et al.*, **10**, 2: 45
- Cetacean Live Stranding Dates—relate to Geomagnetic Disturbances—Klinowska, **11**, 3: 109
- Cetacean Live Stranding Sites—relate to Geomagnetic Topography—Klinowska, **11**, 1: 27
- Cetacea—Intergeneric Hybrids in—Sylvestre and Tasaka, **11**, 3: 101
- Cetacea—Problems in Imagefocusing and Astigmatism in—Dral and Dudok van Heel, **2**, 1: 22
- Cetacean Sightings Workshop—**11**, 3: 75
- Cetacean Sonar—Investigations on, Part I—Hol and Kamminga, **7**, 2: 41
- Part II—Kamminga and Wiersma, **8**, 2: 41
- Part III—Dudok van Heel, **8**, 2: 65
- Part IV—Wiersma, **9**, 2: 57
- Part V—Kamminga and Wiersma, **9**, 3: 95
- Part VI—Kamminga *et al.*, **10**, 3: 83
- Part VII—Kamminga *et al.*, **12**, 2: 52
- Part VIII—Kamminga and Velden, **13**, 2: 43
- Remarks on Dominant Frequences—Kamminga, **7**, 3: 93
- Cetacean Tissues—Chlorinated biphenyls and pesticides in—Duinker *et al.*, **15**, 3: 95
- Cetaceans—and Pinnipeds, Haematology and Plasma Chemistry of—Engelhardt, **7**, 1: 11
- Cetaceans—Lung Pathology in—Viale, **8**, 3: 96
- Phocoena* and *Tursiops* in the Waddensea—A review—Dral, **4**, 1: 10
- Researches on the mortality factors on the coasts of France—Duguy, **6**, 1: 9
- Chemistry—Clinical, and Hematologic Findings in the Harbour Porpoise—Nielsen and Anderson, **9**, 1: 1
- Chlorinated Biphenyls—in Cetacean tissues—Duinker *et al.*, **15**, 3: 95
- Chlorinated hydrocarbons—raised levels in newly captured *Tursiops*—Dudok van Heel, **1**, 2: 24
- Chlorination—A Reappraisal—Dudok van Heel, **10**, 1: 23
- Chlorination—Gas—some experiences with—Manton, **2**, 1: 1
- Clinical—and Pathological findings in Dolphins—1976—Greenwood, **5**, 2: 34
- 1977—Greenwood, **6**, 2: 33
- 1978—Greenwood and Taylor, **7**, 3: 71
- Clinical chemistry—and Hematologic Findings, in the Harbour Porpoise—Nielsen and Anderson, **9**, 1: 1
- Clinical observations—on captive and free-ranging Manatees—Irvine *et al.*, **8**, 1: 2
- Coarctatio aortae*—in the Common Seal—van Nie, **9**, 2: 35
- Colour—Analysis of experiments on, in Dolphins—Simons and Huigen, **5**, 2: 27
- Commerson's Dolphin—Marginal Papillae on the tongue of—Kastelein *et al.*, **15**, 4: 158
- Common Seal—Blood values in—McConnell and Vaughan, **10**, 1: 9
- Conducting system in the heart of—van Nie, **10**, 1: 18
- closure of *Foramen Ovale* and *Ductus Arteriosus* in—van Nie and van der Kamp, **14**, 2: 82
- Coarctatio Aortae* in—van Nie, **9**, 2: 35
- Comparative Morphology and Topography of the heart—van Nie, **10**, 3: 79
- Coronary arteries in—van Nie, **11**, 2: 66
- Purkinje fibres in—van Nie, **12**, 2: 61
- Remarks on the reintroduction of, along the French Coast—Duguy and Priour, **8**, 1: 19
- The *Bulbus Aortae* in the growing—van Nie, **11**, 3: 71
- Communication—Experiments in two-way, in *Orcinus orca*—Dudok van Heel *et al.*, **9**, 3: 69
- Composition of Water—for Dolphins—Dudok van Heel, **3**, 2: 4
- Conducting System—in the Heart of the Common Seal—van Nie, **10**, 1: 18
- Cone Function—Evidence for, in the Dolphin retina—van Esch and de Wolf, **7**, 2: 35

- Coronary Arteries—in Common Seals—see van Nie, 11,2: 66
- Aberrant origin and Course of in small cetaceans—van Nie, 15,3: 125

- *C. equi* pneumonia in Baikal—Bauwens, 13,1: 17
- Phocid, an effective biopsy method in—Engelhardt, 4,2: 58
- Pulmonary disease in—van der Kamp, 13,3: 122
- Skin of, Arteriovenous anastomoses in the—Bryden, 6,3: 67
- Sepsis—Puerperal, in a Dolphin—Greenwood and Tinsley, 7,3: 75
- Sharks—Interactions between bottlenose dolphins and—Corkeron *et al.*, 13,3: 109
- Sightless?—Is the Blind River dolphin?—Waller, 10,3: 106
- Sinuatrial Node in Aquatic Mammals—van Nie, 12,3: 92
- Skeletons—of old *Tursiops truncatus*—de Smet, 5,3: 78
- Skin—of Seals, Arteriovenous Anastomoses in—Bryden, 6,3: 67
- The, as a natural barrier in the Northern Fur Seal—Waldorf and Vedros, 6,3: 77
- Sonar—Cetacean, Investigations on, Part I, Hol and Kamminga, 7,2: 41
- Part II—Kamminga and Wiersma, 8,2: 41
- Part III—Dudok van Heel, 8,2: 65
- Part IV—Wiersma, 9,2: 57
- Part V—Kamminga and Wiersma, 9,3: 95
- Part VI—Kamminga *et al.*, 10,3: 83
- Part VII—Kamminga *et al.*, 12,2: 52
- Part VIII—Kamminga *et al.*, 13,2: 43
- Cetacean, Remarks on dominant frequencies of—Kamminga, 7,3: 93

- Sotalia*—Behaviour and Trainability of—Terry, 12,3: 71  
*Sotalia fluviatilis fluviatilis*—Numbers and behaviour of, in the Rio Solimoes—Magnusson *et al.*, 8,1: 27  
*Sotalia fluviatilis guianensis*—Haematologic findings in—van Foreest, 8,1: 15  
—Observations on the captive behaviour of—Terry, 10,3: 95  
*Sotalia guianensis*—A case of Lobo's disease in, de Vries and Laarman, 1,3: 26  
—Capture and care of—Bossenecker, 6,1: 13  
Sound Production—Possible predator related adaption of, in the Harbour Porpoise—Anderson and Amundin, 4,2: 56  
Southern Sea Lion—Mycobacteriosis in—Lewis, 13,3: 105  
Spatial—Probability learning in the Dolphin—Simons and Huigen, 7,1: 1  
Sperm Whale—Body plan of—Buijs and Dudok van Heel, 7,1: 27  
—Mating and calving of, in Mediterranean Sea—Natale and Mongano, 11,1: 7  
*Spondylitis deformans*—Harbour Porpoises in—Kinze, 12,1: 25  
Statistics—Live capture, for the Killer Whale—Asper and Cornell, 5,1: 21  
Steller Sea Lions—Distribution, Abundance, Reproduction and Behaviour of, in Alaska—Kastelein *et al.*, 15,4: 145  
—Food consumption—Kastelein *et al.*, 15,4: 137  
—significance of training in—Kastelein and Wiepkema, 14,1: 39  
*Stenella frontalis*—an interactive study with—St John, 14,2: 73  
Sterilization—Ultraviolet, of water for Toninas—Gewalt, 5,3: 69  
Stranded Harbour Porpoises—Medical Treatment of three—Kastelein *et al.*, 15,4: 181  
Stranding—Live Cetacean Dates relate to Geomagnetic Disturbances—Klinowska, 11,3: 109  
—Live Cetacean Sites relate to Geomagnetic Topography—Klinowska, 11,1: 27  
Suckling—Behaviour of new born Bottlenose Dolphin—Eastcott and Dickinson, 13,2: 51  
Suppurative Meningoencephalitis—in a Pilot Whale—Medway, 6,3: 99  
Surinam—Natural History of Manatees from—Dekker, 2,2: 1  
Survey—of Parasites of Tropical Fish—Gratzek *et al.*, 4,1: 28  
Swimming Performance—Differences between upstroke and downstroke—Videler and Kamermans, 11,2: 46  
Swimming Speeds—in wild juvenile *Tursiops*—Lockyer and Morris, 13,1: 31  
Symposium on 'Dolphins and Dolphinaria', Harderwijk, 1972, Opening and Closing of, 1,2: 3  
Symposia of EAAM:—10th—9,1: 4  
—11th—10,1: 14  
—12th—11,1: 3  
—13th—11,2: 36  
—14th—12,2: 35  
—15th—13,2: 38  
—16th—14,2: 46  
—17th—15,2: 43  
Synechia—Anterior, in aquatic mammals—Dral *et al.*, 8,1: 11  
Temporal difference perception—by *Tursiops*—Kamm-  
inga, 9,2: 41  
Texel Museum—Its function in relation to the Harbour  
Seal population—Reinijnders, 6,1: 21  
Thoracic Cavity—Air pressure in the deep diving whale—  
van Nie, 13,1: 23  
Thyroid—of the Dolphin, The ultrastructure of, and *pars*  
*distalis* of—Young and Harrison, 5,1: 1  
Tongue—Marginal Papillae of, in Dolphins—Kastelein *et*  
*al.*, 15,4: 158  
Tonina—Ultraviolet Sterilization, water of, for—Gewalt,  
5,3: 69  
Toothed Whales—Morphology of Laryngeal sac—  
Behrmann, 13,3: 119  
Topography—of the Heart of the Common and Fur Seals,  
a Comparative study of—van Nie, 10,3: 79  
Training—Significance of, for the behaviour of Steller Sea  
Lions—Kastelein and Wiepkema, 14,1: 39  
Transport—of a Large Marine Mammal—Reid, 5,2: 40  
Transport—of Dolphins—Dudok van Heel, 1,1: 5  
Transportation—by helicopter, of *Orcinus orca*—  
Matthews, 6,3: 97  
Treatment—Medical, of three Harbour Porpoises—  
Kastelein *et al.*, 15,4: 181  
—of Diseases in stranded Harbour Seals—Moesker, 13,2:  
57  
—of Lobomycosis in *Tursiops truncatus*—Dudok van  
Heel, 5,1: 8  
—of Water in Dolphinaria—Anderson, 1,3: 1  
*Trichechus manatus*—Clinical observations on captive and  
free-ranging—Irvine *et al.*, 8,1: 2  
—Management of, in Duisburg Zoo, Bartmann, 2,1: 13  
—On the Natural History of—Dekker, 2,2: 1  
—Pre- and postnatal behaviour in—Dekker, 8,1: 21  
—Saprophytic colonization of a Hyphomycete on the skin  
of—Mok and Best, 7,3: 79  
Tuna—Longline, on a possible capture of harbour por-  
poise—Testaverde, 6,3: 90  
*Tursiops*—Breathing and diving in—Dral and Verway, 5,1:  
18  
—Distribution of, in China Seas—Kaiya and Weijuan,  
11,1: 16  
—Gilli, *Pseudomonas* infection in—Liong *et al.*, 11,1: 20  
—Nutrition of—Cates and Schroeder—12,1: 17  
—Pre- and Post-natal problems—Smolders, 12,3: 80  
*Tursiops truncatus*—A review, in the Dutch Waddensea—  
Dral, 4,1: 10  
—Discrimination of solid and hollow spheres by—  
Kamminga and van der Ree, 4,1: 1  
—Diving behaviour in wild juvenile—Lockyer and Morris,  
13,1: 31  
—Fate of old—de Smet, 5,3: 78  
—Growth rate in wild juvenile—Lockyer and Morris, 13,1:  
27  
—Investigations on Cetacean Sonar—Part I, Hol and  
Kamminga, 7,2: 41  
—Part II—Kamminga and Wiersma, 8,2: 41  
—Part III—Dudok van Heel, 8,2: 65  
—Part IV—Wiersma, 9,2: 57  
—Part VI—Kamminga *et al.*, 10,3: 83  
—Raised levels of Mercury and Chlorinated hydrocarbons  
in newly captured—Dudok van Heel, 1,2: 24  
—Some quantitative aspects of the retina of—Dral, 2,2:  
28

- Sonar signals of—Kamminga and Velden, **13,2: 43**
- Spatial probability learning in—Simons and Huigen, **7,1: 1**
- Steroid patterns in the pregnant—Richkind *et al.*, **3,2: 15**
- Temporal difference perception by—Kamminga, **9,2: 41**
- Treatment of Lobomycosis in—Dudok van Heel, **5,1: 8**
- Underwater visual acuity in—Noordenbos and Boogh, **2,3: 15**
